Bede Community Primary School
Equality Policy

Why we have developed this Equality Policy

This Equality Policy for Bede Community Primary School brings together all previous policies, schemes and action plans around equality including those that we had previously for race, gender and disability. It includes all the protected characteristics covered under the Equality Act 2010 as well as other aspects which have the potential to discriminate against any individuals within our community. We are further committed to the development of cohesive communities both within our school's physical boundaries and within our local, national and global environments. Our school embraces the aim of working together with others to improve children's educational and wellbeing outcomes, and notes the rights set out in the United Nation Convention on the Rights of the Child.

The purpose of this Policy is to set out how our policies and practices have due regard to the need to:

- eliminate discrimination, harassment and victimisation
- advance equality of opportunity
- foster good relations between different groups.

It explains how we listen to and involve pupils, staff, governors, parents/carers and the community in achieving better outcomes for our children and young people.

RRSA

At Bede Community Primary School, we are committed to promoting a rights respecting ethos based on the Convention on the Rights of the Child in all aspects of school life and the best interests of the child is at the heart of our policy and practice. The articles set out in the CRC are known to all children and adults in the school and we encourage rights respecting language and behaviour at all times. The children are taught that we all have rights and responsibilities, in our school community, locally and globally and the difference between wants and needs. We recognise that children have the right to say what they think about matters affecting them and to have their views taken seriously and we encourage them to play an active role in their own learning and to speak out and act for the rights of all to be respected locally and globally.

Our approach

We seek to embed equality of access, opportunity and outcome for all members of our school community, within all aspects of school life.

We actively seek out opportunities to embrace the following key concepts:

- Shared Humanity. Identifying commonality and shared values, aspirations and needs underpinning our approach to equality. We value our fundamental similarities and universality.
- Valuing difference and diversity. We appreciate the richness within our differences and look for ways of celebrating and understanding them better
- Interdependence, interaction and influence. We recognise that, as they evolve, distinct cultures, beliefs and lifestyles will impact on and inform each other.
- Social cohesion within our school and within our local community.
- Excellence. We aim to inspire and recognise high personal and collective achievement throughout our community, the United Kingdom and the wider world. Excellence is to be found everywhere.
- Personal and cultural identity. We will provide opportunities to explore and value the complexity of our personal and cultural identities.
- Fairness and social justice. We will develop our understanding of inequality that exists in society and explore ways of individually and collectively promoting a more equitable society.

Our vision statement about Equality

Bede Community Primary School seeks to foster warm, welcoming and respectful environments, which allow us to challenge discrimination and inequality, resolve conflicts peacefully and work and learn free from harassment and violence.

We recognise that there are similarities and differences between individuals and groups but we will strive to ensure that our differences do not become barriers to participation, access and learning. We are committed to creating inclusive processes and practices, where the varying needs of individuals and groups are identified and met. We therefore cannot achieve equality for all by treating everyone the same.

We will build on our similarities and seek enrichment from our differences and so promote understanding and learning between and towards others to create cohesive communities.

How we developed our Policy - Participation and Involvement

The development of this policy has involved the whole of our school community. We've involved and listened to what they have to say, including people from broad and diverse backgrounds and of different abilities, taking account of all the protected characteristics listed under the Equality Act 2010

Our Staff

We comply fully with legislation which protects our staff (including teachers, teaching assistants, supervisors and student teachers) from discrimination based on the protected characteristics. With regard to disability, we make such reasonable adjustments as are necessary to prevent a disabled person being at a substantial disadvantage in comparison with people who are not disabled.

This includes discrimination in relation to recruitment, terms and conditions, promotions, transfers, dismissals, training and employment practices (such as dress codes) and disciplinary procedures. We make efforts to ensure that the diversity of our workforce reflects that of our local community and wider society. In accordance with the Equality Act we do not enquire about the health of an applicant until a job offer has been made or require job applicants to complete a generic 'all encompassing' health questionnaire as part of the application procedure.

We will ensure the safety and well-being of our staff and take seriously and act on incidents of harassment and discrimination recognising that our staff may be either victims or perpetrators.

We interpret our duties positively; take the necessary actions to remove barriers to inclusion and work hard to ensure a safe, positive and inclusive environment.
We have disabled access- disabled parking bay, disabled toilet and signing in table.
We are fully aware of the dietary requirements of ethnic groups and make equality provision for all of our pupils.

Our staff team have undertaken training to help them understand their equality duties/and or the differing needs of protected groups within our school community.
We have mechanisms in place to identify areas for development.

Responding to hate or prejudice-based incidents and bullying

We recognise that hate incidents or prejudice –based bullying behaviour is driven by negative assumptions, stereotypes or misinformation. These are then directed against an individual or group, based on difference (real or perceived), and linked to, for example, racism, homophobia, negative views of disabled people or sexism. We take action to prevent, challenge and eliminate any such behaviour.

Through our school ethos and curriculum, we want our pupils/students to understand better the diversity that exists in society. We provide opportunities for them to explore the subtleties and complexities in order to prevent and respond to incidents and situations. We address the experience, understanding and needs of the victim, the perpetrator and the wider school community through our actions and responses.

We record all hate incidents and prejudice based bullying. We use this information to identify trends and patterns, so that we have approaches in place to provide appropriate responses in terms of support for victims and their families, sanctions and support for perpetrators and their families and education for our children, young people and communities.

Implementation, monitoring and reviewing

This policy was published on November 2026 and it will be reviewed November 2030. It will be actively promoted through our school website.

Implementation, monitoring and review are the responsibility of our Senior Leadership Team and our governors who have agreed and published this policy which sets out our priorities and supports these with specific and measurable objectives.

We will report annually on the policy and analyse whether our policy and related objectives have furthered the aims of the general equality duty and in particular educational outcomes for all within our school community with reference to the protected groups.

Equality Objectives

Using the views of pupils, parents, staff, governors and community and equality analysis of the information as outlined above we have set ourselves specific and measurable objectives that will help us achieve the aims of the general equality duty. These will be reviewed every 4 years.
